

Kinkora Facilities

The Kinkora property covers 440 acres of tranquil forest in the Quebec Laurentians, just a 15-minute drive from St-Agathe-des-Monts. The site features a private lake with beach and boating facilities, a large dining and recreation hall, a non-denominational chapel, capacity for up to 250 people, and much more.

Dining & Recreation Hall

Built in the 1930s our iconic dining hall combines function with rustic nostalgia. With seating capacity for 250, a commercial grade kitchen, and a log cabin style interior with a large stone fireplace the dining hall is perfect for big group meals and recreation activities, but can also transform into a stunning reception space for those special events. A mix of round and rectangular tables, as well as chairs and benches are available. The hall has two accessible bathrooms, a large patio, and is equipped with a sound system.

Commercial Kitchen

Our kitchen is built for high volume meal service. The facility is equipped with commercial grade appliances including: a large gas ranges and ovens; commercial fridges and freezers; commercial dishwashing equipment; a restaurant grade toaster; kitchen mixers; a food warmer, one outdoor BBQ, and ample prep space. Kitchen rental includes access to all required cookware, utensils, coffee and hot water urns, as well as dishware* and cutlery for 250 place settings.

*Dishware is intended for camp use and is made from high-durability Melmac. For higher end private functions third-party dishware rental is recommended.

Non-denominational Chapel & Community Space

The picturesque chapel built in the 1930s sits on a hill just across the lake from main camp. A quick walk across the bridge takes you to this beautiful and highly versatile space, equipped with movable raised platforms, and benches for communal seating. The chapel is the perfect venue for group music sessions, drama performances, yoga practice, and quiet activities like painting. The space is also ideal for intimate family events and celebrations like weddings and commitment ceremonies.

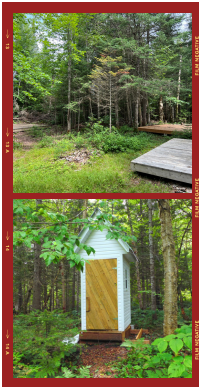

Private Lake for Swimming and Boating

Kinkora is situated on the stunning Lac de la Borne in St-Adolphe d'Howard and is surrounded by forest for maximum privacy and tranquillity. Our waterfront features a small sandy beach for swimming, as well as a separate boating area. In summer KAC lifeguards supervise swimming and boating, however in the off-season you are required to bring your own lifeguard in order to use the beach for swimming. We have a range of boats, canoes, kayaks, paddle boards and all associated safety equipment available from mid-May to October, weather permitting.

Camper Cabins

Kinkora has 11 camper cabins across the main site - a group of six, and a group of five cabins on opposite ends of the camp property. With so much to do outdoors, these cabins are designed for function and “camp comfort.” Each cabin features ~eight sets of bunkbeds with mattresses in a large open space. A separate adjoining “counsellors’ nook” features two more sets of bunks. The communal bathroom space features two toilet stalls, two showers, and two sinks with mirrors. All cabins are four-season with electricity, running water and baseboard heaters.

Hogan Huts raised platforms

Ready to camp out? The Hogan huts are three large, raised platforms located in a secluded area across the lake from camp. Accessible only by foot or by boat, these platforms are ideal for wilderness camping and sleeping under the stars. The platforms can accommodate up to 30 people and the small camp area features an outhouse and firepit. A small charcoal BBQ can be provided as well. To access the Hogan huts visitors must park at main camp, and hike (approx. 0.5 km) around the lake to the site.

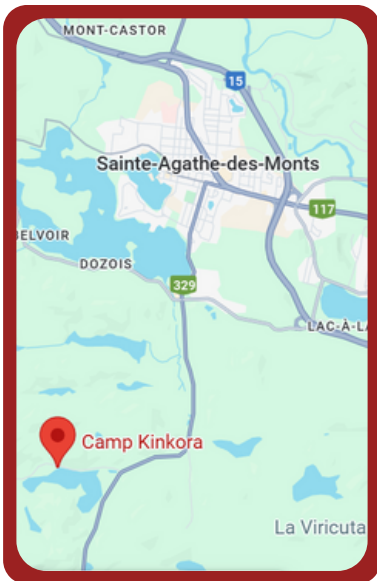

Kinkora House Lodge

When it's not being used as a vacation destination for our amazing Kinkora House campers, we offer the lodge for spring and autumn rental. The lodge features a small kitchen, communal dining area, lounge, two large bathrooms, and multiple shared bedrooms with bunk beds accommodating up to 35 guests. The lodge is accessed across a footbridge from main camp, and has it's own firepit and rec area.

Recreation Areas & Hiking Trails

There's no shortage of space at Kinkora for all your activities. Our site features, two sports fields, a large wooden play structure, a basketball court, a bonfire site and three defined hiking trails of varying distances and difficulty levels. The site also features a hand-crafted gazebo and a number of swings and seating areas for quiet contemplation.

Getting here

Camp Kinkora is just a short drive from St-Agathe-des-Monts.
